

Geography

Geography - the future of the world within our hands

Geography helps students to make sense of their surroundings and to understand the variety of physical and human conditions found on the earth's surface. Geography prepares students with the knowledge, skills and understanding to make sense of their world and to face the challenges that will shape our societies and environments at the local, national and global scales. We strive to ensure geography stimulates an interest and a sense of wonder about places. Personal experiences are used to investigate places from the personal to the global.

Autumn		Spring		Summer	
Kenya	Global Ecosystems	Glaciation and Geology	Tectonics - Earthquakes	Fieldwork Traffic Investigation (Human)	Australia

- Students will be required to complete one 30 minute piece of homework every week.
- Homework will consist of a variety of different tasks, for example: revision, spelling/definitions, research tasks and exam questions.

Unit	Duration (lessons)	Learning Objectives/Outcomes
Kenya	7	<ul style="list-style-type: none"> • Where is Kenya? • Poverty in Kenya. • Tourism in Kenya. • Ecotourism in Kenya. • The Masaai People. • Urbanisation in Kenya. • Assessment
Global Ecosystems	7	<ul style="list-style-type: none"> • What are the global ecosystems of the world? • Layers of the Rainforests • Causes of deforestation in the Amazon Rainforest • The Impact of Deforestation on climate change. • Methods of reducing deforestation • Reducing Deforestation – Who is responsible? • Assessment
Glaciation and Geology	6	<ul style="list-style-type: none"> • What are glaciers and how do they form? • Landforms of Glaciation. • Identifying glacial landforms on a map. • The rock cycle. • Igneous, Sedimentary and Metamorphic rocks • Erosion. • Assessment.
Tectonics – Earthquakes	6	<ul style="list-style-type: none"> • Plate Boundaries. • Types of Volcano • The 3 Ps of Earthquakes (Japan) • 2011 Japan Earthquake. • Assessment.
Fieldwork Traffic Investigation (Human)	6	<ul style="list-style-type: none"> • Planning Human Fieldwork. • Fieldwork – Creating a hypothesis • Fieldwork- Methodology. • Fieldwork – Data Presentation • Fieldwork - Evaluation • Assessment

Australia	6	<ul style="list-style-type: none">• Where is Australia?• History of Australia – Colonisation• Australia Day Debate• 2019 Bushfires- Causes and Impacts• Gentrification in Bondi Beach• Employment Structure in Australia• Assessment
