## Arts for All

The Performing Arts Faculty aims to encourage and develop creativity, sensitivity and confidence in all students. We actively seek to promote an understanding of personal and social values, culture and the world around us. Together with our students we explore the ways in which ideas can be communicated and shared through performance mediums.

The Faculty provides a wide variety of learning opportunities that enable all pupils to establish a knowledge and understanding of Dramatic and Performance Art forms. As well as academic and practical study we promote expression and performance as a learning tool through which pupils are encouraged to explore ideas, wider cultures and the world around them.

In providing students with many performance experiences we value and celebrate their talent and hard work as they grow and develop into skilled, creative and confident students, who enjoy learning and value their culture and the Arts.
