## A mastery of English is the key to opening the doors of success

Creating opportunities for students to develop a love of the English language lies at the heart of the English department. With a team of subject specialists, we work tirelessly to provide students with a range of exciting and challenging classroom activities and precisely selected texts linked to the expansion and consolidation of their reading, writing and speaking and listening skills and ultimately, the creation of critical and creative thinkers who collaborate and communicate effectively. We encourage students to reflect on the texts we read, make their own judgements and draw their own conclusions.

We are passionate about storytelling in all its forms and want our students to develop and share a similar passion and enthusiasm.

Our aim is to empower students to read critically, write fluently, analytically and creatively and speak effectively so they will have the necessary skills and abilities to succeed in an increasingly complex, ever-changing and competitive world.

The Year 9 curriculum has been designed as a transition year between lower school and the study of more challenging GCSE texts in upper school. Students consolidate all of the English skills they have acquired since starting their educational journey, in preparation for Years 10 and 11. The curriculum is devised to further strengthen these skills whilst introducing students to a broad range of fiction and non-fiction texts: many with similar features, structures and forms to those they will study at GCSE.

Homework is a tool used to build, develop and consolidate students' English skills as well as teaching them about organisation, responsibility and independent learning. It is set once weekly. Individual homework will be set by the class teacher and linked to the topic being covered. Spelling will form one aspect of the weekly homework will prepare students for the level of vocabulary required at GCSE level. Homework is recorded in students' homework diaries; they are afforded time to record this during lessons. It can also be viewed on the EduLink mobile app and website.
