We aim to create lifelong linguists who thrive in the 21st century

We provoke students' curiosity and appreciation of wider cultures and develop aspirational and independent linguists who achieve their full potential. We create a learning environment that nurtures the enjoyment of language learning, engenders pride in successful linguistic acquisition and application while providing a diverse, challenging and inspirational menu of language skills for all learners.

In year 8, students will receive homework once a week. Homework will focus on deepening the students understanding of phonics, vocabulary and grammar and will include tasks such as vocabulary learning grammar activities, reading tasks and other exercises and tasks to support their learning. There may also be translation and extended written tasks to complete. If a student fails to hand in homework, a detention should be set and the class teacher should contact home.
