

## NEW SCHOOL NEW START NEW YOU!

### Our aims for ALL Byrchall Students:

#### THINK SMART, LOOK SMART, BE SMART

To **grow** students so they are ready to present themselves **positively** in a professional, modern working environment and community. So all pupils are able to make a **positive contribution** to that community, **now** and in the **future**.

Byrchall is an environment where everyone is **respected** and where we can be **proud** of who we are, individually and collectively.

We strive to **support** each other and **develop** every person to be the **best** version of themselves possible, always increasing our skills and learning.

Our school is an environment which we can all enjoy, inside and outside lessons, channeling our energies positively, growing and developing ready for our futures.
